

# News Release

FOR IMMEDIATE RELEASE:

## Home sales down, listings up across Metro Vancouver

**VANCOUVER, BC – May 2, 2018** – The Metro Vancouver\* housing market saw fewer home buyers and more home sellers in April.

The Real Estate Board of Greater Vancouver (REBGV) reports that residential property sales in the region totalled 2,579 in April 2018, a 27.4 per cent decrease from the 3,553 sales recorded in April 2017, and a 2.5 per cent increase compared to March 2018 when 2,517 homes sold.

Last month's sales were 22.5 per cent below the 10-year April sales average.

"Market conditions are changing. Home sales declined in our region last month to a 17-year April low and home sellers have become more active than we've seen in the past three years," Phil Moore, REBGV president said. "The mortgage requirements that the federal government implemented this year have, among other factors, diminished home buyers' purchasing power and they're being felt on the buyer side today."

There were 5,820 detached, attached and apartment properties newly listed for sale on the Multiple Listing Service® (MLS®) in Metro Vancouver in April 2018. This represents an 18.6 per cent increase compared to the 4,907 homes listed in April 2017 and a 30.8 per cent increase compared to March 2018 when 4,450 homes were listed.

The total number of properties currently listed for sale on the MLS® system in Metro Vancouver is 9,822, a 25.7 per cent increase compared to April 2017 (7,813) and a 17.2 per cent increase compared to March 2018 (8,380).

"Home buyers have more breathing room this spring. They have more selection to choose from and less demand to compete against," Moore said.

For all property types, the sales-to-active listings ratio for April 2018 is 26.3 per cent. By property type, the ratio is 14.1 per cent for detached homes, 36.1 per cent for townhomes, and 46.7 per cent for condominiums.

Generally, analysts say that downward pressure on home prices occurs when the ratio dips below the 12 per cent mark for a sustained period, while home prices often experience upward pressure when it surpasses 20 per cent over several months.

The MLS® Home Price Index composite benchmark price for all residential properties in Metro Vancouver is currently \$1,092,000. This represents a 14.3 per cent increase over April 2017 and a 0.7 per cent increase compared to March 2018.

Sales of detached properties in April 2018 reached 807, a 33.4 per cent decrease from the 1,211 detached sales recorded in April 2017. The benchmark price for detached properties is \$1,605,800. This represents a 5.1 per cent increase from April 2017 and a 0.2 per cent decrease compared to March 2018.

Sales of apartment properties reached 1,308 in April 2018, a 24 per cent decrease from the 1,722 sales in April 2017. The benchmark price of an apartment property is \$701,000. This represents a 23.7 per cent increase from April 2017 and a 1.1 per cent increase compared to March 2018.

Attached property sales in April 2018 totalled 464, a 25.2 per cent decrease compared to the 620 sales in April 2017. The benchmark price of an attached unit is \$854,200. This represents a 17.7 per cent increase from April 2017 and a 2.3 per cent increase compared to March 2018.

-30-

\*Editor's Note: Areas covered by the Real Estate Board of Greater Vancouver include: Whistler, Sunshine Coast, Squamish, West Vancouver, North Vancouver, Vancouver, Burnaby, New Westminster, Richmond, Port Moody, Port Coquitlam, Coquitlam, Pitt Meadows, Maple Ridge, and South Delta.

The real estate industry is a key economic driver in British Columbia. In 2017, 35,993 homes changed ownership in the Board's area, generating \$2.4 billion in economic spin-off activity and an estimated 17,600 jobs. The total dollar value of residential sales transacted through the MLS® system in Greater Vancouver totalled \$37 billion in 2017.

The Real Estate Board of Greater Vancouver is an association representing more than 14,000 REALTORS® and their companies. The Board provides a variety of member services, including the Multiple Listing Service®. For more information on real estate, statistics, and buying or selling a home, contact a local REALTOR® or visit [www.rebgv.org](http://www.rebgv.org).

**HOW TO READ THE TABLE:**

- Benchmark Price: Estimated sale price of a benchmark property. Benchmarks represent a typical property within each market.
- Price Index: Index numbers estimate the percentage change in price on typical and constant quality properties over time. All figures are based on past sales.
- x Month/Year Change %: Percentage change of index over a period of x month(s)/year(s)

In January 2005, the indexes are set to 100.

Townhome properties are similar to Attached properties, a category that was used in the previous MLSLink HPI, but do not include duplexes.

The above info is deemed reliable, but is not guaranteed. All dollar amounts in CDN.
